

Colorado Section SRM Summer Workshop

June 23, 2017 - 9:00 AM to 3:00 PM

Registration opens 7:30 AM – Gather at Kremmling NRCS Office, 106 South 2nd Street

Travel to ranch from Kremmling at 8:30 AM

Blue Valley Ranch – Kremmling, CO

Ranching with Wildlife Interactions in Western Colorado’s Middle Park

This training will take place on the Blue Valley Ranch located 7 miles south of Kremmling. The session will inform & educate participants about managing mountain park sagebrush-grasslands through good land stewardship practices and sound grazing management, while considering livestock-wildlife interactions and working toward common goals of all partners.

The **Colorado Section of the Society for Range Management**, together with the **Middle Park Conservation District**, and **Colorado State University Extension** are pleased to co-sponsor an exciting training opportunity tying forage, livestock, and wildlife aspects of ranching operations together.

This ranch has a unique story to share of how they operate their businesses; thinking outside of the box by applying grazing strategies (cattle & bison), common sense solutions and diversifying their operation. Check out [Blue Valley Ranch](#) commitment to healthy ecosystems and land stewardship.

The CSSRM Board of Directors meeting will convene at 3:00 PM, Thursday, June 22nd at the NRCS office in Kremmling. **All Colorado Section members are welcome to attend.**
